

TECHNICAL INFORMATION SHEET

Polymer Fastener Metal Batten Strip

Item Description

6" (152 mm) o.c. pre-punched strips

Item Number

W56RAC3059

Product Information

Description:

Polymer Fastener Metal Batten Strip is specifically designed to be used with the Firestone Polymer Fastener for anchoring Firestone membranes as specified in Firestone Specifications and Details.

Method of Application:

Polymer Fastener Metal Batten Strips are to be installed with "UP" side showing and as specified by Firestone Specifications and Details. Attach batten strips to roof substrate using the appropriate length Polymer Fastener.

Storage:

Store in original unopened containers protected from the weather.

Packaging:

50 – 10' (3 m) pieces per tube

Precautions:

- When cutting battens, round ends and remove burrs and sharp edges with a file.
- Do not overdrive or underdrive fastener.

LEED® Information:

Post-Consumer Recycled Content: 8%

Post Industrial Recycled Content: 17%

Manufacturing Location: Cleveland, OH

Typical Properties

Property	Value
Material	Galvalume® Sheet Steel
Corrosion Resistance	Meets FM No. 4470 criteria
Length	10' (3 m)
Width	1¼" (31.6 mm)
Thickness	0.045"/0.051" (1.13 mm/1.29 mm)
Holes	0.625" (15.9 mm) diameter, at 6" (152 mm) o.c. with 12 teeth equally spaced around the hole to provide back-out resistance when used with the Firestone Polymer Fastener.

Galvalume® is a registered trademark of BIEC International, Inc.
