

SkyScape™ Aluminum Drain Inspection Chamber

Item Description

Aluminum Drain Inspection Chamber

Item Number

W56SKY4005

Product Information

Description:

SkyScape Aluminum Drain Inspection Chamber helps create a vegetation-free zone around interior roof drains. Made from 20-ga aluminum, the chamber features a lockable lid and side drainage holes to allow for proper drainage.

Method of Application:

1. Center the chamber over the drain, and set it in place on the roofing membrane, root barrier, or slip sheet.
2. Install the vegetative roof system, roof pavers, ballast rock, or decorative rock, per project specification and product installation instructions.

Storage:

- Deliver and store products in original packaging with Manufacturer's labels and materials list intact and signed off.
- Store Products in designated weather protected areas, elevated from ground and protected from environmental damage.

Shelf Life:

N/A

Coverage Rate:

N/A

Clean-Up:

- Gather and dispose all debris upon completion of work.
- Clean all surfaces and inspect final assembly for approval.

LEED® Information:

Post Consumer Recycled Content: 6%
