

## I.S.O. Twin Pack™ Insulation Adhesive Hand Dispenser

**Item Description**

Dual Cartridge Dispenser

**Item Number**

W56RACINTG

### Product Information

#### Description:

The Firestone I.S.O. Twin Pack Insulation Adhesive Hand Dispenser is a premium dual cartridge plunger activated manual dispenser. The dispenser provides ease of use for both application and releasing pressure on the cartridges.

#### Safety:

This applicator is a quality tool made for the professional user. Take the time to thoroughly understand its operation.

#### Loading:

1. Ensure the plungers are fully retracted. Place the rear of the cartridge over the plungers and lower the front of the cartridge into the frame assembly.
2. Once the cartridge is in place, remove the tip of the Twin Pack and attach the static mixer tip included with the I.S.O. Twin Pack Adhesive package.

#### Operation:

1. Once the applicator is loaded and plungers are drawn snug to the back of the cartridge, simply squeeze the trigger located on the handle.
2. To stop, release pressure from the trigger and press the release button located on the back side of the handle to relieve pressure.
3. To retract the plungers, simply press the release button and pull back upon the plunger handle until plungers are fully retracted.

#### Maintenance:

1. Wipe the applicator clean of residual adhesive using mineral spirits. Take special care to remove material from drive rods.
2. Check the plungers and all external bolts/screws for tightness.

#### Packaging:

One Unit per box
